## EDUCATIONAL UPDATE

We hope you enjoyed Day 1 of VNATA 2020, and thank you for being in this with us as we also learn and grow together. We have worked through a few things since yesterday and wanted to give you more information on the administration of education and CEUs.

### EARNING CEUs

The attendance transcript in the Help Center has been removed, as we identified some glitches. In the meantime, rest assured your attendance in sessions continues to be tracked. You can validate the time spent in each event you have attended by clicking on "Help Center", "Privacy Center", and then "Profile Usage." This will show confirmation of time spent in educational sessions. In order to earn CEUs, you will need to watch each session in its entirety and complete the assessment.

## ASSESSMENTS AND STATEMENTS OF CREDIT

If you watch a session in its entirety and complete the assessment, you should receive the following message when you hit “Save Answers”:

*Thank you for participating in this VNATA session. You have viewed the session in its entirety and completed the assessment. This session will be available to claim CEUs.*

If you have not watched the session in its entirety and completed the assessment, you should receive the following message:

*You have not completed viewing this session. Please view the session in its entirety, then complete the assessment in order to earn CEUs.*

Assessments may be found in the Help Center. There is also a blue button link to “Assessments” within each session. If you are still in any doubt as to whether you have completed a particular session, you may retake the assessment for that session and you will see one of the italicized messages above, which will confirm that you have or have not completed the requirements. You may also choose to print your confirmation for your records.

If you have viewed a session in its entirety and completed the assessment, the session will be counted as part of your CEU tally. Up to 25 CEUs may be earned up until the time the VNATA 2020 platform closes at 11:59 p.m. CDT Sept.10. By Oct. 1, a link to your Statement of Credit, showing your CEUs, will be sent to the email you used to register for VNATA 2020.

## EBP LIVE STREAMED SESSIONS

Our educational kickoff session Monday was outstanding. The presentation “Enhancing Secondary School Athletics Health and Safety Policies: Examining the Evidence, the Progress and the Challenges” by Douglas Casa, PhD, and Seth Smith, MD, CAQ-SM, PharmD, was extremely well received.

Technology being what it is, we did have a glitch. Some attendees were able to switch to YouTube to watch the content, while some attendees stayed in the VNATA 2020 platform. This may cause a problem with being able to show the time that you spent viewing the session. If your time viewing was short, (i.e., less than 53 minutes), and you would like to claim an EBP CEU for this session, please watch the session in its entirety, which is now available in the On-Demand Video section.

We apologize for the inconvenience, but we want to be sure we report your time watching correctly and that you have the opportunity to see the full content. As with all on-demand content, this session will be available until 11:59 p.m. CDT Sept. 10 for

your viewing.

## HANDOUTS

You can find session handouts by clicking on the session. If there are handouts, you can click on “Slide Deck” to access. We are adding more as quickly as they’re received, so keep an eye out. You may also access the handouts in the Help Center by clicking on Downloads. Expand the window to see the column to the far right to see which sessions have available slide decks.

## BACK TO PROGRAMMING

Please enjoy Day 2 of VNATA 2020! As you view scheduled sessions, be sure to ask questions of the speakers. They are standing by, ready and willing to answer. Feel free to also chat with your fellow attendees.
