Plan Your VNATA 2020 Experience

The 2020 NATA Virtual Clinical Symposia & AT Expo will be here before you know it – get a head start by using the resources found on the convention website to plan your VNATA 2020 experience. From evidence-based practice sessions to “Fifteen for Fun” breaks and virtual happy hours, the Schedule at a Glance provides an outline of each day of live content July 13-16. While you’re at it, don’t forget to check out the lineup of VNATA Chats that will be held. These one-hour, moderated, peer-to-peer discussions are a great opportunity to interact and learn more about topics important to the athletic training profession. You can also learn more about each session, live and on-demand, in the [VNATA 2020 Preliminary Program](#).

Get to Know the VNATA 2020 Themes

While educational sessions will cover a range of topics and domains, four themes were selected for VNATA 2020.

- Training Load: Tools and strategies available to monitor the effort of athletes and the physically active as well as leveraging this data to mitigate injury risk.
- Biometrics/Analytics: Tools available to capture large biological datasets from patients and how athletic trainers can use these datasets to inform clinical decision-making.
- Motor Learning/Motor Behavior: Disseminating state-of-the-art techniques and rehabilitative strategies to enhance motor control through neuroplasticity.
- Heat: Overcoming barriers to deliver best practices in recognizing and treating heat-related illness in the physically active.
